Students experience in field visit to TECHNOMED Electronics.

This company was established in 1981 and formerly known as Electrocare and from 1984 started to manufacture electrotherapy equipment.

Technomed Electronics is the most trusted brand amongst physiotherapists and Orthopaedic Doctors for manufacturing highest quality electrotherapy modalities with an excellent service backup.

Today, with a client base of over 1,40,000 physiotherapists, clinics, hospitals and individuals, Technomed Electronics is spread all over India. Further, we are also exporting to several countries including South East Asia and Middle East.

Technomed Electronics has in-house R&D, Quality control and a vast sales and service network all over India, making it one of the leading Physiotherapy Equipment Manufacturers in India. Need and scope for this postings in electrotherapy

Electro diagnosis and therapy were key components of physiotherapy practice .being a core subject pupil physiotherapist needs to know various parts ,functioning of electrotherapy equipment's while applying in patients safety norms related to electricity such as prevention of shock ,both electric and each shocks needs more to be known and adhered with .Theoretically its being taught with practical application of nearly more than a dozen electrotherapy equipment's but limitations ,parts and safety values were field visit in manufactures area .lectures were provided with biomedical engineers ,marketing professionals concerned with equipment's mentioned below ;

Types ofelectrotherapy equipments ,uses and evidence where students are to be trained in technomed electrotherapy involves thermal, light ,electrical,sound means of therapy which were widely used for reducing pain ,facilitate wound healing ,promote repair of tissues ,functional recovery and adequately supported with due scientific evidence

OBJECTIVES:

1. To gain practical knowledge for Students on Electrotherapy equipments circuits and its working mechanism, raw material details to be explained by the expert members of Technomed Solutions.

2. To acquire hands on skill and experience in application of Electrotherapy Modalities to patients by Students.

3. Individual attention and learning on practical experience of Electrotherapy Modalities.

4. To obtain knowledge on care to be taken and safety measures to be followed to handle all modalities with good maintainance and working condition with better lifespan.

5. Precautionary and Safety measures to be followed for the welfare of both physiotherapist and patient.

6. Practical Learning on below mentioned modalities

- Electrical Stimulator

- Short wave Diathermy

-Ultrasound

-Interferential therapy

-TENS

-LASER

MEANS:

- PPT Presentation

-Live Demonstration

-Hands on Training

-Real-time Experience in person

Date : 01. 11.2019

Time : 9 AM to 4 PM

Venue: Technomed Solutions,

Industrial Estate,

Perungudi, Chennai.

STAFF Co-ordinators:

1. Mrs. Priya. R, MPT(Neuro)

ATTENDANCE

Number of Students Participated: 61
