Professor & Head - School of Architecture ,
Bharath Institute of Higher Education and Research, Chennai - 600073.

Dear Sir,

This is with reference to your request letter received regarding permission for Industrial Visit to our construction site at Perungudi , Chennai. We are pleased to inform you that your request has been accepted and we hereby given permission for your PG students and faculties to visit on 19th July 2019 (Friday) for the purpose of learning the construction techniques of high rise building and to understand about service details. During your visit we would teach your students regarding the same.

We look forward to meet you on 19th July 2019 along with your Faculty Members and Students of your department.

Best Regards,

Ar. Shunmugam,
Shan Arc Associates

An Industrial Visit Report

An Industrial visit to a Construction site was organized by the School of Architecture, Bharath Institute of Higher Education and Research, on 19th July 2019. Providing students an exposure about construction techniques and services of high rise buildings. . Ar. Uma Shankari, Ar. Dhivya and Ar. Shehnaz, had accompanied students in the Industrial Visit.

All the students had assembled at around 8.45AM in the university campus and departed at sharp 9.00AM. The destination was reached at 10.00AM. The faculties split up with students to help them understand the different techniques used for high rise buildings, and proceeded to ask them to document the entire site through photos and sketches.

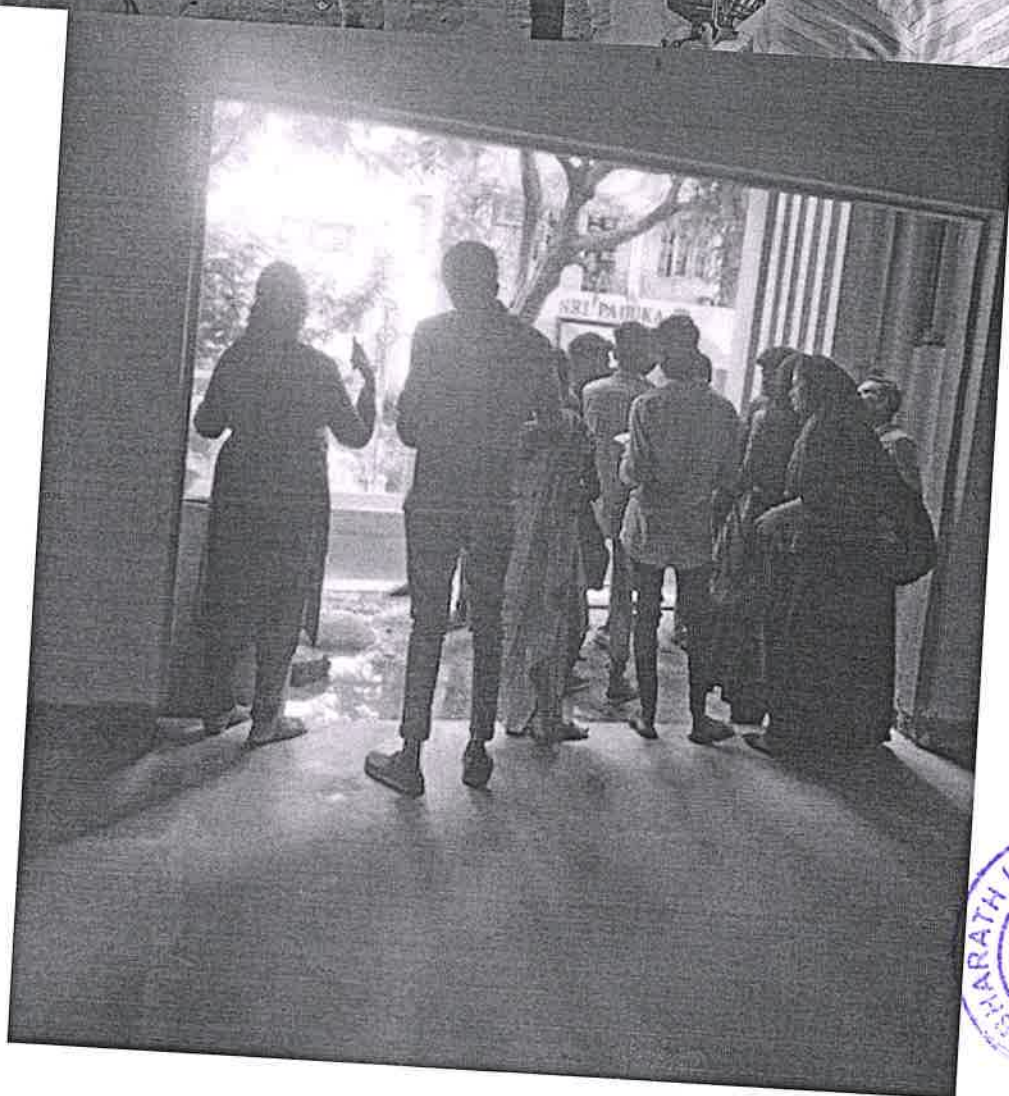

The site we visited is a fourteen storey office building. Located at a prime spot, is all with elegant design, upmarket specifications & best in class construction.

Premium construction, specially crafted with perfect planning to offer excellent comfort & luxurious environment. With best amenities like Pleasing landscape, Elegant and durable pavers for stilt parking floor and drive way, All the services essential for high rise building like CCTV with security cameras, Acoustically insulated walls, Automatic elevators with ARD function and Solar power for common areas.

The Site visit broadened the student's architecture vision towards the onsite execution and the effort and methods adapted to bring out the design of an Architect. At 5.00PM, all the students and faculty members reached the campus.
