An Industrial Visit Report

An Industrial visit to RDC Concrete was organized by the School of Civil and Infrastructure Engineering, Bharath Institute of Higher Education and Research, on February 20th 2020. Providing students an exposure about Practical working environment was the aim of the Industrial visit. Mr. T.Meikandan had accompanied students in the Industrial Visit.

All the students had assembled at around 9.00AM in the university campus and departure to RDC Concrete was at 9.30AM. The destination was reached at 10.30AM. The industry which we visited was RDC Concrete at 11.00 AM. The Manager helped all the students in knowing the various operations that involved in the plant through practical exposure of each and every function of various departments that has been performance involved.

About the RDC Concrete, Chennai started its operations in 1993, RDC Concrete (India) Pvt Ltd is now become the largest non-cement ready mix concrete company in India. Over the years, RDC Concrete has established a reputation for being able to deliver cost-effective and innovative building solutions to meet a variety of requirements. Among the first to recognize the constantly evolving nature of the industry, RDC Concrete has consistently invested in building and maintaining state-of-the-art R&D, manufacturing and quality control infrastructure. It is this focus on quality and innovation that has enabled RDC Concrete to build a client base that includes some of the most respected names from the Indian building and construction sector.

At 4.00PM, all the students and faculty members reached the campus and disbursed. Overall, the industrial visit was very fruitful as all the student's got exposure to practical learning that is how theatrical concepts are put into action; it helped the students to improve the knowledge.
