Students Industrial Visit Report-Microchip Technology

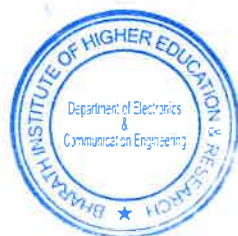

The **B.Tech** students of **Electronics and Communication Engineering**, Bharath Institute of Higher Education and Research, Selaiyur, Chennai-600073 were visited the Microchip technology on 04.02.2020.

Students Visited the products design of 8-bit microcontrollers, 16-bit PIC microcontrollers, dsPIC® digital signal controllers, analog and interface products, security authentication products, timing/communication/real-time clock and calendar products, real-time clock and calendar devices, memory products, wireless products, high-throughput USB and Ethernet interface solutions, MOST technology, embedded controllers and super I/O devices, touch, multi-touch and 3D gesture control solutions, power over Ethernet systems and ICs, and field programmable gate arrays (FPGAs).

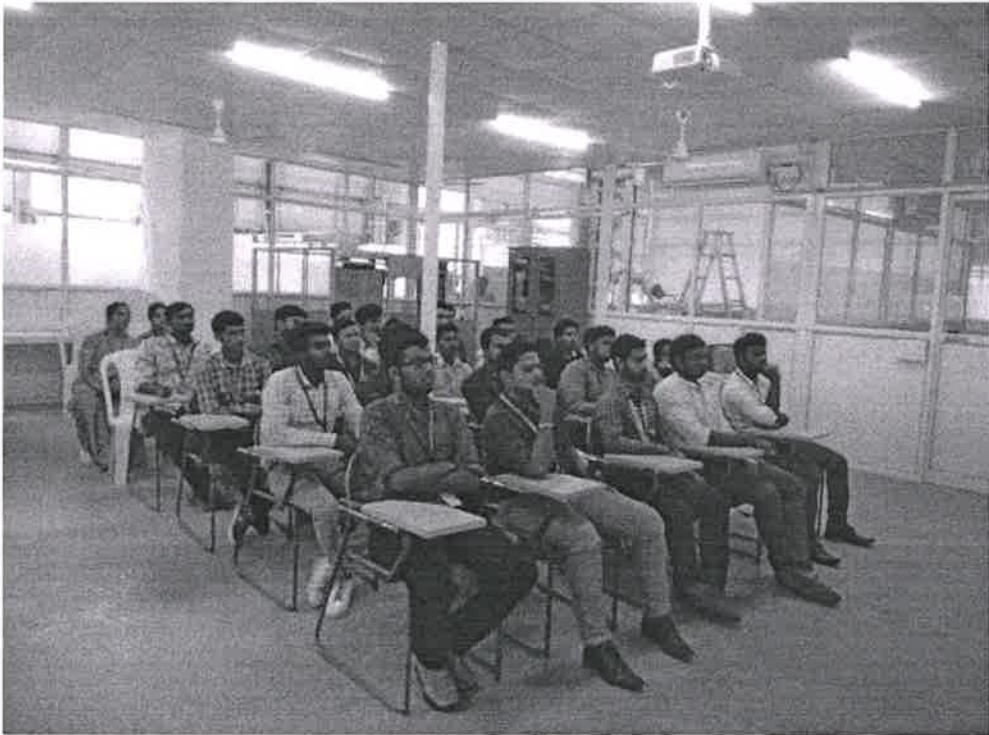

Students gained Knowledge about

- 8-bit microcontrollers
- 16-bit microcontrollers
- 32-bit microcontrollers
- 32-bit microprocessors
- Analog and interface products
- Digital signal controllers
- Embedded controllers and super I/O
- Memory products
- Programming and development tools
- Security and authentication products

Microchip Technology Inc. is a publicly-listed American corporation that manufactures microcontroller, mixed-signal, analog and Flash-IP integrated circuits. The students got exposed to all the products of the company and gathered knowledge about Research and Development
