Dear Sir/Madam

Subject: Approval letter for industrial visit

I am writing this letter to approve your request that you made on 02.11.2019 for visiting to our industry.

I am pleased that you are interested in visiting our industry. I would like to schedule a date 18.11.2019.

Thank you for your interest and I look forward to hearing from you soon.

Regards

For ESCOL Enterprises

INDUSTRIAL VISIT REPORT

Industrial visit is considered as one of the tactical methods of teaching. The main reason behind this is, it lets student to know things practically through interaction, working methods and employment practices. Moreover, it gives exposure from academic point of view. Main aim industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices. Through industrial visit students get awareness about new technologies. Technology development is a main factor, about which a students should have a good knowledge. Visiting different companies actually help students to build a good relationship with those companies. We know building relationship with companies always will always help to gain a good job in future. After visiting an industry students can gain a combined knowledge about both theory and practical. Students will be more concerned about earning a job after having an industrial visit.

Objective of the visit: The Objective of visit was, students are able

1. To understand the different type of engines.
2. To observe the various types of vibrations.
3. To learn what market needs from the sector.
4. To learn new technologies coming in market.

Output :

1. Students understood the various working of engines and their development in it.
2. Students learned the different systems of automobile and their functions.
3. Also learned what are Bharat Stage VI norms and development.
4. Students also saw the complete procedure wheel balancing and alignment with case study.
5. Students also saw various new generation cars and their development
