At Godrej Storage Solutions, they have designed and built over 40,000 warehouses and distribution centres across three continents, and are key players in India's growing intralogistics ecosystem.As pioneers and market leaders with over six decades in the field of intralogistics, they cater to storage, movement and management needs of warehouses and shopfloors in India and international markets.

Our students were guided through the campus which employs more than 2000 full time and contractual employees as well as management staff. Our students got an opportunity to learn about the various activities that happen inside the campus including security, attendance management system, shopfloor, canteen facilities, healthcare facilities, HR, Marketing, Finance and legal departments, etc. As our guide Mr. David JayanPrakasam himself is a law graduate he was able to guide our students regarding the legal aspects of business.

At 4.00PM, all the students and faculty members reached the campus and disbursed. On the whole, the industrial visit was very fruitful as all the students got exposure to practical learning that is how theoretical concepts are put into action; it helped the students to improve their exposure to business operations.
