COURT VISIT REPORT

The purpose of the visit was to understand the working of a court, the nature of duties of the judicial officers. The visit was to help us understand the role of court in dispensing justice in any case, the role of prosecutors in a case, the way cases proceed in a court, the way judges, prosecutors and defense lawyers handle the case, the relationship of the prosecutors and the police. This gave us an opportunity to understand the actual need of co- ordination in the four pillars of the criminal justice system. The visit included an in-depth study of the day to day functioning of the criminal courts, at different levels and over a vast variety of cases. The aim was to evaluate the resources available and the distribution of power between the judges, the prosecution, and the defense council.

On our visit to the court the reader of the chief prosecutor has divided the students in to groups of two each and assigned us to different Additional Public Prosecutor. There were different chambers of different public prosecutor: There are different courts for different types of cases. Sometimes judge also asks the question from the accused or witness. All the statement of accused and witness recorded in the computer.
