SCHOOL OF BASIC SCIENCES

02-11-2017

CIRCULAR

We are pleased to inform that the School of Basic Sciences is organizing a seminar on “Biodiversity and Conservation” on 17th November 2017. The details of the program are:

- Resource person** : **Dr. A. Sivasamy**
Principal Scientist
Central Leather Research Institute (CLRI)
Adyar
Chennai-25
- Convener** : **Dr. A. Manikandan**
- Coordinator** : **Dr. P. Magesan**

The interested students shall register their names for the programs. All are invited to take active part in the program.

Convener

Chief Patron

Dr. S. Jagathrakshagan
Founder Chairman

Patrons

Dr. J. Sundeeep Anand, President, BIHER

Dr. Swetha Sundeeep Anand, Managing Director

Advisory Committee

Dr. V. Kanakasabai, Vice-Chancellor, BIHER

Dr. K.P. Thooyamani, Pro-VC, BIHER

Dr. S. Bhuminathan, Registrar, BIHER

Dr. R. Hariprakash, Additional Registrar, BIHER

Dr. J. Hameed Hussain, Dean-Engg, BIST

Convener

Dr. A. Manikandan
Hd/Chemistry

Coordinator

Dr. P. Magesan
Associate Professor

Participation

It is open to faculty members of academic institutions, PG/Research scholars of Chemistry, Physics, Science & Engineering disciplines and industrial personnel.

Interested students and faculty members should send the registration form to the following address.

Address for Correspondence

Education and Research
Selaiyur, Tambaram
Chennai-600073
Tamilnadu, India

About the Institution

The first self-financing Engineering College in the name of Bharath Institute of Science and Technology (BIST) was started in Tamil Nadu in 1984 by Sri Lakshmi Ammal Educational Trust, established by the academic visionary Dr S Jagathrakshakan. The trust then started Sree Balaji Dental College and Hospital in 1989. Sree Balaji Dental College and Hospital was first recognized as a Deemed to be University by MHRD in July 2002, under section 3 of the UGC Act 1956 under the new trust Bharath Institute of Higher Education and Research (BIHER). The Bharath Institute of Science and Technology (BIST) was then brought under the ambit of Bharath Institute of Higher Education and Research (BIHER) in January 2003.

Thus, Bharath Institute of Higher Education and Research (BIHER) is providing multi-stream, multi-cultural and high quality education to nearly 10000 students from around the world. It is functioning in a sprawling area of 905 acres of land with 1.3 crore sq.ft buildings located in 6 Campuses both in Tamil Nadu and Puducherry with the state of the art infrastructure facilities. There are well qualified Teaching Faculty members to teach various UG and PG programmes and to guide Ph.D. Research.

About the Department

The department of Chemistry located at Bharath Institute of Science and Technology (BIST), Bharath Institute of Higher Education and Research, Chennai provides an outstanding environment for studies in Chemistry. It is among the most research active departments in BIST. One of our key objectives is to create good quality human resource. It was established in the year 1984 to pursue teaching, research, consultancy and impart training programmes in different fields of Chemistry.

The Faculty members are frequently publishing research articles in reputed National and International Journals. They deliver Lectures in National and International Conferences / Symposia / Workshops and publish research articles.

Seminar Objectives

Substantial efforts are underway to strengthen agricultural biodiversity considerations through improved understanding, capacity building, including methods and tools development, as well as partnerships and networking. In addition to strengthening the genetic resources dimension in terms of *in-situ* conservation through sustainable use, and providing an enabling environment to farmers through addressing socio-economic and policy issues, there is now a greater focus on crop- and livestock-associated biodiversity that contributes to ecosystem functioning including pollinators, beneficial predators and integrated pest management (IPM), and soil biodiversity. Simultaneously, in terms of managing the land and water resource base, this includes a more holistic approach for addressing declining soil fertility, land degradation and drought, and other land-related constraints through an integrated land resources management approach.

Important dates

Last date for Registration	- 11.11.2017
Confirmation of Acceptance	- 12.11.2017
Date of Seminar	- 17.11.2017
