### CIRCULAR

We are pleased to inform that the Department of Microbiology, School of Basic Sciences is organizing a seminar on “**Preventing Human Cases during Bird Flu Outbreak**” on **27<sup>th</sup> April 2018** *in association with Ms. Armats Biotek Pvt. Ltd, Chennai*. The details of the program are:

**Resource person** : **Dr. G.A. BALASUBRAMANIAM**  
**Professor and Head,**  
**Department of Veterinary Pathology,**  
**Veterinary College and Research Institute,**  
**Namakkal – 637 002.**

**Convener** : **Dr. Jeyanthi Rebacca**

**Coordinator** : **Dr. Kalaiyarasu**

The interested students shall register their names for the programs. All are invited to take active part in the program.

INSTITUTE OF HIGHER EDUCATION AND RESEARCH

(Declared as deemed to be university under section 3 of UGC Act 1956, vide notification No.F.9-5/2000-U.3)

## About the Institution

The first self-financing Engineering College in the name of Bharath Institute of Science and Technology (BIST) was started in Tamil Nadu in 1984 by Sri Lakshmi Ammal Educational Trust, established by the academic visionary Dr.S.Jagathrakshakan. The trust then started Sree Balaji Dental College and Hospital, in 1989 Sree Balaji Dental College and Hospital was first recognized as a Deemed to be University by MHRD in July 2002, under section 3 of the UGC Act 1956 under the new trust Bharath Institute of Higher Education and Research (BIHER). The Bharath Institute of Science and Technology (BIST) was then brought under the ambit of Bharath Institute of Higher Education and Research (BIHER) in January 2003.

Thus, Bharath Institute of Higher Education and Research (BIHER) is providing multi-stream, multi-cultural and high quality education to nearly 10000 students from around the world. It is functioning in a sprawling area of 305 acres of land with 1.3 crore sq.ft buildings located in 6 Campuses both in Tamil Nadu and Pudhucherry with the state of the art infrastructure facilities. There are well qualified Teaching Faculty members to teach various UG and PG programmes and to guide Ph.D. Research.

## About the Department

The Department of Biotechnology and Microbiology was established in 2015 to nurture the young minds with research and advanced technology based learning in the interdisciplinary areas of biological sciences. The main objective of the Department is to provide academic training and conduct the interdisciplinary research with a particular emphasis on extending the knowledge towards

the development of innovative products and technologies of commercial significance. The Faculty members are frequently publishing research articles in reputed National and International Journals. They deliver Lectures in National and International Conferences / Symposia / Workshops and publish research articles.

## Seminar Objectives

To address the threat that avian influenza (AI) poses to human health, it is necessary to recognize its broader agricultural and economic implications and to integrate this knowledge into disease control strategies. This seminar focuses on the global phenomenon of avian influenza, its impact on the poultry industry, and potential means to control influenza transmission among birds and mammals.

The seminar begins with a review of the activities of the Office International des Epizooties (OIE; also known as the World Organisation for Animal Health), an international and intergovernmental organization at the forefront of animal disease control. The OIE is developing influenza surveillance guidelines that encompass birds, domestic mammals, wildlife, and humans.

## Important dates

Last date for Registration - 24.04.2018  
Confirmation of Acceptance - 25.04.2018  
Date of Seminar - 27.04.2018
