Date: 19.6.17

### CIRCULAR

Two days workshop on “**Utilization of Solar Energy for Cooking**” is planned by the School of Electrical Engineering from **23.6.17 to 24.6.17**.

The workshop is offered by Department of Electrical & Electronics Engineering, Bharath Institute of Higher Education and Research. In this regard, students/scholars are instructed to give their willingness and confirm their participation to their class In charge/ Event Coordinator before **23.6.17**.

### About the college:

Bharath Institute of Higher Education and Research (BIHER) is providing multi-stream, multi-cultural and high quality education to nearly 10000 students from around the world. Bharath Institute of Science and Technology (BIST) started with Sri Lakshmi Ammal Educational Trust as the first Self Financing Engineering College in Tamilnadu in 1984 by Dr. Jagathrakshagan. It is functioning in a sprawling area of 305 acres of land located in 6 Campuses both in Tamil Nadu and Puducherry with the state of the art infrastructure facilities. There are well qualified Teaching Faculty members to teach UG and PG programmes and to guide Ph.D. Research.

### About the Department:

The Department of Electrical and Electronics Engineering, Bharath University was started in the year 1992. It offers one Under-Graduate programme (B.Tech.), two Post-Graduate programs (M.Tech. in Power Systems and M.Tech. in Power Electronics) and also research programs (Ph.D.) in the various fields of Electrical and Electronics Engineering. After the institute became Deemed University, the department has grown not only in terms of student and faculty strength, but also in improving the laboratory facilities for the teaching and research purposes. Thus, the department has dedicated and state of the art teaching / research laboratories. The department is recognized for excellence in research, teaching and service to the nation.

Widespread use of solar energy for domestic, agricultural and agro-industrial activities has been practiced almost since the development of civilization. Increasing threat of acute shortage of the commercial sources of energy coupled with serious environmental pollution problems has accelerated interest in the scientific exploitation of renewable sources of energy. Energy available from the sun is inexhaustible and environment friendly. Therefore, the solar energy technologies are likely to play an important role in the near future through a variety of thermal applications and decentralized power generation and distribution systems. This workshop offers an excellent opportunity to get an idea about Recent Investigations in the Use of Solar Energy for Cooking and Solar energy for institutional cooking in India: prospects and potential

The workshop focuses on the following areas:

Day 1: Recent Investigations in the Use of Solar Energy for Cooking

Day 2: Solar energy for institutional cooking in India: prospects and potential

### Eligibility

Faculty Members, Research Scholars, UG & PG Students

### Resource Person

Ms. S. Lakshmi  
Assistant Professor,  
PERI Institute of Technology  
Chennai

### Feedback Form

1. What is your opinion about the duration of this programme?

A. Short                      B. Adequate                       C. Long

2. Overall, how useful was this programme for you?

A. Very Much                       B. To some extent                      C. Not Useful

3. How would you rate the teaching Qualities?

A. Very Good                       B. Good                      C. Average                      D. Poor

4. How would you rate the materials provided?

A. Very Good                      B. Good                      C. Average                      D. Poor

5. How much of Knowledge you have earned today?

A. A lot of it                       B. Satisfactory                      C. None of it

6. Did it fulfill your expectation?

A. Yes                       B. Some Extent                      C. No

7. Planning of this Programme?

A. Excellent                      B. Very Good                       C. Good                      D. Satisfactory                      E. Poor

8. Any other comment (if any)

Good
