<p>About the University: The first self-financing Engineering College in the name of Bharath Institute of Science and Technology (BIST) was started in Tamil Nadu in 1984 by Sri Lakshmi Ammal Educational Trust, established by the academic visionary Dr.S.Jagathrakshakan.</p> <p>Bharath University and is known for providing high quality education to around 10000 students from across the world in multi stream. The institute facilitates the guidance of 1300 teaching faculty members to provide guidance to do Undergraduate, Postgraduate programs and to facilitate Ph.D. research.</p> <p>About the Department: Electronics and Communication Engineering (ECE) is a swiftly advancing field, with new ideas emerging every other seconds. Graduate engineers in this discipline will be equipped to design and fabricate, install, operate and maintain complex electronic circuits, equipments and systems.</p> <p>The course also covers designing security in communications, besides all the software and hardware required in the communication domain.</p>	<p>About the Seminar: Circad is an open source computational software used for assembling components on PCB board and use defined subroutines for solving complex mathematical problems. This seminar will help participants develop good understanding of computational software and have good hands on experience on how to assemble the different engineering problems using the software. The main focus of the course is on imparting the importance of using such tools and as well making the participants familiar with industry grade problems and solutions in engineering.</p> <p>Seminar Structure: Theory of antenna- Get familiar with 1. Different types 2. Languages available at disposal 3. What is propagation 4. Shape of antenna 5. Different libraries available in antenna 6. Synthesis of different tools 7. Developing and compiling a sub routine with fabrication 8. Limitations of using antenna 9. Common terms while using antenna</p> <p>We cordially invite the students, research scholars, faculties, industrial persons to explore the various areas of research and to enhance research skill and to enlighten those around you.</p>	<p>Practical Session - Get hands-on experience by 1. Developing simple sub-routines and compiling them 2. Using or built libraries to solve common engineering problems 3. Exploring different methods of resolving the solutions (PCB layout, etc) 4. Solving industry related engineering problems and drawing solutions.</p> <p>Brainstorming session - Solve an assigned problem covering the entire topics on your own at the venue to assess your learning.</p> <p>The Research scholars and students, faculties can confirm their registration by sending the DD. The DD should take in favour of "BIHER Chennai" before 15.10.2017, backside of DD carry full name, contact number and address of the author. Selected candidates list announced through email. Accommodation shall be arranged on request at a reasonable cost.</p> <p>Dates to be Remember : Last date for Registration: 2/09/2019 Short listed candidates list announcement: 12/09/2019 Registration fee details: Students : Rs.250/ Research scholars & Staff members : Rs.500/ Industry Person : Rs.750/</p>
