

REPORT ON CAREER GUIDANCE

DATE: 12-04-2019

TIME: 10:00 am

PLACE: Sree Balaji College of Nursing, Chrompet, Chennai-44

On 12-04-2019 Global placement centre organised a career guidance program for our final year students at our college campus. Global placement centre is a professionally managed company, provides high standard of placement services to all the leading companies in India.

The session was dedicated at guiding the students in making better career choices in domains of their interest including information and security and also gives to them the information of the possible upcoming opportunities in foreign countries.

Two members came from their organisation and guided the students about abroad opportunities. They clearly explained about the exams which are required for the students to get their job opportunities in abroad. Mr.Gnana Prakash gave a brief introduction about their organisation and their offers they provide for the students.

Many students gain lot of information about the exams like IELTS, OET, CBT etc. They clearly explained about the procedure for getting a job in foreign countries. It was interactive class. They also classified the doubts asked by the students.

After providing information to the students, they conducted a test for the students. It was conducted to assess the student knowledge about drug calculation. After completion of the test, they collected the answer sheet from the students. Totally the students are very much benefited by their class.
