

REPORT ON CAMPUS INTERVIEW

DATE: 16-03-2019

TIME: 10:00 am

PLACE: Sree Balaji College of nursing

On March 16 Vivo health care institute an organized training center Thambaram conducted campus interview in our college. They offer different types of emergency courses for the students with the job placement with the leading health care institute. Thus they help the students in increasing the knowledge on the clinical settings and emergency management.

Panel of 2 members Mr.Vijay and Mr.Senthil came for searching suitable talent by conducting student interview. The interview was started by giving a brief description about the vivo health care institute by the panel members. Then the students were given a question paper and around 60 students were participated in the interview. In that 37 members were selected. Based on the interest of the candidate, they were given training in specific fields and students get their job placement in leading health care centers.

Over all experiences and feed back of the vivo team was very positive as their need of the organization to search the right talent to drive its objectives is fulfilled by the students.

Our principal DR.V.Heamavathy motivated and supported in every aspect for the successful conduction of this campus interview.
