

Course Number and Name												
BEC612 & Principle Of Communication engineering												
Credits and Contact Hours												
3 & 45												
Course Coordinator's Name												
Mr.Vijayaragavan												
Course Objectives												
To study the various issues affecting Power Quality, their production, monitoring and Suppression.												
Prerequisites						Co-requisites						
Digital Electronics						Nil						
required, elective, or selected elective (as per Table 5-1)												
Required												
Course Outcomes (COs)												
CO1: To introduce about the radio communication system. CO2: To study about the coding used in communication system. CO3: To study about the data communication system. CO4: To study about the transmission system involved in communication system. CO5: To study about the television transmitters and receivers.												
Student Outcomes (SOs) from Criterion 3 covered by this Course												
COs/POs	a	b	c	d	e	f	g	h	i	j	k	l
