RESORCE PERSON-A Shanmugam

Founder & Chief Architect

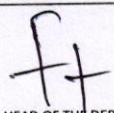

Ar. A. Shanmugam, back in the 80's when the quaint temple town of Trichy did not have any practising architects in the city. Underneath his calm demeanour, lies a wealth of design knowledge that comes out each time issues both at site and drawing table crop out. His sense of candour that comes with age & experience helps give a new perspective every time a critical problem crops up therefore pushing the team to think out of the box.
