CIRCULAR

Sub : Organising Value added Course: Short Term Guidance Program on Haptics- Reg.

With reference to the above mentioned subject, we bring it to your notice that School of Arts, Bharath Institute of Higher Education & Research is organising **Value added course** "Short Term Guidance Program on Haptics". The syllabus and registration form is enclosed below. The candidates those who are interested to join must fill the registration form and submit to the Course Coordinator Dr.K.E.Vivekanandhan, Department of Biotechnology on or before 04.07.2018. The Registration form received after the mentioned date shall not be entertained under any circumstances.

Value Added Course

Certificate training program on Haptics

Syllabus

History and development of Haptics in India and Asia. Present trend in the game at national and international level.

Terminologies of Haptics, rules and interpretations, signs and signals used in officiating, qualities of technical officials and responsibilities of referee, umpires and table officials, principles and mechanism of officiating.

Preparation of budget of conduct of tournament/competition, duties and functions of different committees, drawing of fixtures general rules, technical rules, facilities and equipment.

Warming – up and warm down- Importance, principles, methods, means, types, stretching before and after activity.

Introduction, importance and classification of techniques, Stages of motor learning and principles of motor learning applied for learning in Haptics, Methodical stages of teaching techniques.

Practice of technique under easy conditions, practice of technique under different and complex conditions, skill drills, teaching and training aids, their importance and application and trends in development.

Methods and means of training technique, reasons of committing faults, methods and means for identification of faults and correction in technique performance.

Small area games and their usefulness. Advanced defensive and offensive techniques in Haptics-tactics and strategies, principles of play, principles of attack.

Means for evaluation of progress in learning and performance of techniques.

Importance, analysis with respect to movement co-ordination and biomechanics and variation in techniques Haptics.
