## IMPACT OF DRUG ABUSE AND ALCOHOLISM

### Course overview

Drug and Alcohol Abuse: Awareness, Counseling and Prevention is a comprehensive course that addresses the problems of drug abuse across the spectrum, including the latest thinking about prevention and awareness. This course provides an understanding of the origins and current status of drug use, and includes special notations addressed to a person who may be experiencing problems with substance abuse. This curriculum is a valuable tool for teachers, parents, students and workers, as well as someone seeking help for him or herself. The course also covers assessment, intervention, rehabilitation and recovery, and includes a list of helpful resources.

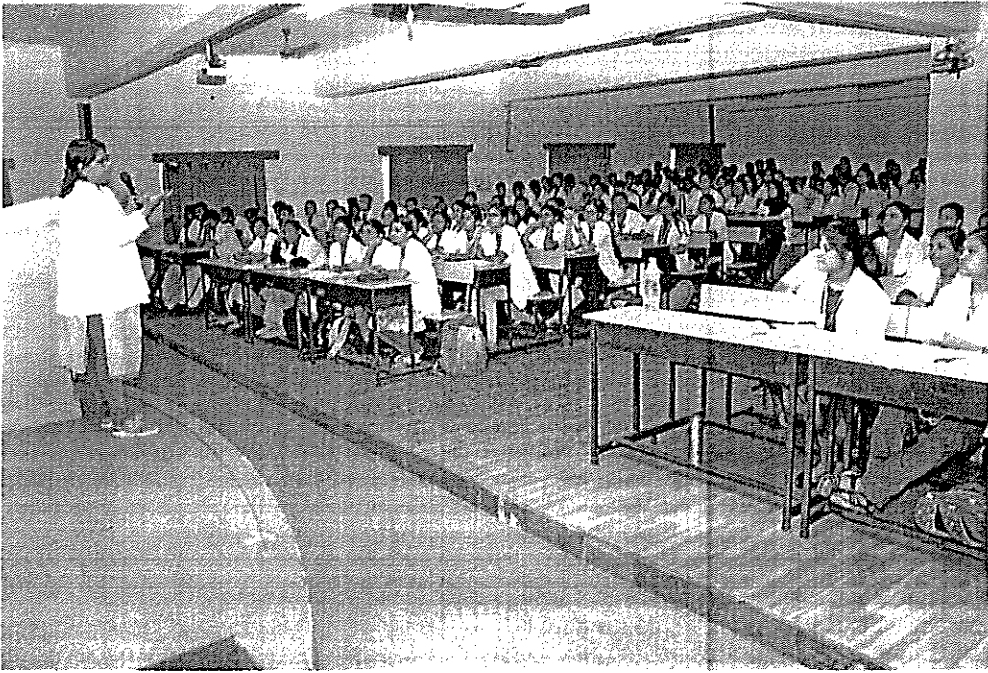

**Course Duration:** 30 hours

**Course Coordinator:** Associate Professor / Assistant Professor of Psychiatry
