PRACTICAL SKILL SESSIONS ON HAND SURGERY

Course overview:

The surgical-skill training program is named Surgical Skill and it includes hands-on training sessions for surgical-suturing techniques and advanced surgical procedures (i.e. laparoscopic and robot-assisted surgery), hybrid simulation sessions, and an operating-room session where aforementioned sessions are all put together. By the end of the program, students' improvements in surgical-suturing skills were assessed by experts in a form of checklist, and changes in the interest in a surgical career, if there were any, were answered by the students who participated in the program.

Course Coordinator: Associate Professor / Assistant Professor of Surgery

Course Duration: 30 hours

Course syllabus

Topic	Faculty	Hours allotted
Introduction to Surgery as a speciality	Assistant Professor of Surgery	2 hours
