Subject: Approval Letter for the Advanced Research Training Programme Fellowship –

Regarding

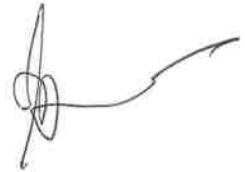

Respected **SHANTHI KUMARASAMI,**

We are pleased to inform you that we approve your proposal for Advanced Research Training Programme, Assistant Professor, School of Basic Sciences has been approved by the board. This is with regards to the proposal you have submitted with a proposal for the Research Program No BIHER / 2018-2019 / Fellow / 1936 dt 27.09.2018. It is a very nice thought and we feel it definitely needs to be encouraged.

It is a commendable job to apply your area of study to practically solve problems. Energy shortage is a pressing problem today. Your idea addresses it very well. We encourage you to go ahead with the idea on a small scale for now and come up with a Knowledge. We have approved the idea mainly because it shows your interest in the subject and your ability to apply it in real life. We have also reviewed your statistics of the amount of energy that can be saved which eventually translates into monetary savings as well. The timeline would be 20 Days for the Fellowship and submit a report on the same as well to the board within a week. We would grant you a budget of **Rs 49218 /-**, (Rupees Forty Nine Thousand Two Hundred Eighteen Only) for this. We will support you throughout the execution of the idea.

You have been shortlisted to receive funding as part of the National Scholarship Programme. As a consequence of this, we are writing to inform you that the sum of Rs. 46223 /- [Rupees Forty Six Thousand Two Hundred Twenty Three Only] requested in your application (BIHER / 2018-2019 / Fellow / 4120 dt. 06.08.2018) has been authorized for utilization toward a Training Program that is scheduled for 45 Days.

If you want to accept the award and get paid for it, you need to make sure that the grant agreement is filled out correctly and that you send it back within two weeks. Instead of requiring you to pay for the fellowship out of your own money and then submitting a request for reimbursement, our fellowship payment option allows you to receive a direct stipend. This allows you to concentrate on your research without being distracted by concerns about money. In addition, once your fellowship has come to an end, you will be required to write and submit a report discussing your time spent there. Please send any relevant receipts, software, and images along with your report. Remember that you will be responsible for repaying that funding if you are forced to stop working on your project before it is completed.

We hope that everything works out well for you.

It is a commendable job to apply your area of study to practically solve problems. Energy shortage is a pressing problem today. Your idea addresses it very well. We encourage you to go ahead with the idea on a small scale for now and come up with a Knowledge. We have approved the idea mainly because it shows your interest in the subject and your ability to apply it in real life. We have also reviewed your statistics of the amount of energy that can be saved which eventually translates into monetary savings as well. The timeline would be 6 Months for the Fellowship and submit a report on the same as well to the board within a week.
