Dear Dr. Jayasheela,

The above mentioned project submitted to the Department for funding support was considered in the Expert Committee Meeting held during 09<sup>th</sup>-10<sup>th</sup> November, 2022. The above proposal was **recommended** for funding support. Following are the remarks/suggestions of the Expert Committee:

“The PI presented the proposed work, and the EC deliberated in detail and recommended the proposal for funding with revision. PI to be mentored by Prof. P. Nazni.”

In accordance to the recommendation made by the EC, you are requested to kindly submit the following documents for further processing of your proposals for financial approval:

- Revised proposal with budgetary details.
- Saving Bank Account details.
- Certificate from the institute stating that the funds will be kept in saving account and the interest accrued from the bank will be reported in the S/E and U/C, and will be deposited back to the Consolidated Fund of India (CFI) and will not be utilized in the project activities.
- 3 quotations for each item of equipment. The comparative statement showing the lowest quoted price of each equipment proposed also needs to be indicated separately with the vendor's name.
- Quotations for the Consumables also need to be submitted.
- Adequate justification for each and every item of the budget.

You are requested to kindly submit the above documents in soft copies to mail ID [coordinatorsystdst@gmail.com](mailto:coordinatorsystdst@gmail.com) and also to the alternate mail ID: [syst.dst@gmail.com](mailto:syst.dst@gmail.com)

As per directives of the Dept. of Expenditure, GoI vide DST OM No. DST/PRAO/TSA/01/2022/498 dated **21st September, 2022** (attached herewith), the following are needed to be undertaken by your organization:

1. As mentioned at Para 3 of the attached DST OM, a Zero-balance A/c [Preferable Name of A/c: **Organization Name-ITDD (1819) Scheme**] is required to be opened to operate as a Sub Agency A/c at an institutional level (i.e. your organization) in Union Bank of India.

The Organization needs to return back the entire unspent balance against all projects under implementation with respect to the Umbrella Scheme "**Innovation, Technology, Development and Deployment [Scheme Code 1819]**" to the CNA A/c with intimation to the concerned Program Division. The entire amount would be forthwith assigned back immediately to the CNA A/c by our Program Division and a Reassignment Order to this effect would be issued to indicate about the reassignment of the entire unspent amount as deposited by your organization. The details of CNA A/c where the unspent balance needs to be deposited back is mentioned in below table:

<b>Name of A/C Holder</b>	<b>Innovation Technology Development and Deployment</b>
<b>Bank A/C No</b>	<b>349902010051240</b>
<b>Name of the Bank &amp; branch</b>	<b>Union Bank of India, Safdarjung Enclave - New Delhi</b>
<b>RTGS/IFSC code</b>	<b>UBIN0534994</b>

It may be kindly noted that this process is a one-time requirement that is needed to align your organization with the CNA system.

## 2. Mapping of the Bank A/c at PFMS:

While mapping the new Bank A/c opened with the Union Bank of India at PFMS you need to select the 3rd option in PFMS which is '**I will receive funds from this agency**' in place of the Central Government. There you need to mention the Unique Code 'DSTSERB' and select SERB as the organization. While mapping, your organization also needs to select the account type as zbsa / czba. Following the same, send your PFMS mapping request for approval to us at **finance@serb.gov.in** with cc to **r.sharma72@nic.in** in the enclosed mandate form.

The above details should be vetted by the competent authority of the beneficiary institution.

3. An undertaking having the project-wise details of the unspent balance available under the Scheme "**Innovation, Technology, Development and Deployment [Scheme Code 1819]**" needs to be submitted while depositing back the entire said amount into the CNA account (Format for the Undertaking is attached).

## 4. Document needed to submit to DST/ SERB:

After transferring the entire unspent balance amount from your current Bank A/c to the CNA A/c (as mentioned at Point No. 1 above) to achieve zero balance, the necessary undertaking as mentioned at Point 3 above needs to be sent to us at [r.sharma72@nic.in](mailto:r.sharma72@nic.in) and [coordinatorsystdst@gmail.com](mailto:coordinatorsystdst@gmail.com)

With warm regards,

#### **Fellows' Meetings**

- 1.4.1. The Host Institution is required to submit an Audited Spend Report indicating all the expenditures incurred on the Fellowship during the tenure;

- #### **1.5. Post-Fellowship**
- 1.5.1. The Grantholder is required to inform India Alliance about the outputs from its funded research even after the completion of funding.
  - 1.5.2. The Grantholder is required to abide by the policies on Open and unrestricted access to published research and intellectual property and patenting on outputs from India Alliance funded research.

## **2. Costs**

The Award provides funding for directly incurred costs on the Fellowship, including its associated research project. Directly incurred costs are auditable actual costs; that are explicitly identifiable as arising from the conduct of a project (e.g. staff salaries, equipment, materials, travel). The award is cash-limited; supplementary funding will only be provided in exceptional and specific circumstances.

The award is divided into two primary types of funds: (1) ring-fenced and (2) transferable.

## **2.1. Ring-fenced Funds**

These funds can usually be used only for the purposes detailed below:

### **2.1.1. Personal Support Contribution –**

2.1.1.1. The India Alliance's level to personal support for the Grantholder is detailed and can be found on our website [https://www.indiaalliance.org/costing-policies].

2.1.1.2. India Alliance contributes either in its entirety or bridges the gap in the salary received by the Grantholder from the Host Institution to ensure that the Grantholder receives the salary as per the levels set by the India Alliance.

2.1.1.3. In case during the term of the Fellowship, the Host Institution begins to pay or increases (as the case maybe) the salary to the Grantholder, the India Alliance reduces its contribution appropriately to reach the level set by India Alliance and if the salary were to exceed the level set by India Alliance then the India Alliance contribution would turn to zero. In either of two scenarios the Grantholder may be permitted to claim in the penultimate year of the Fellowship, upon providing suitable scientific justification, the ring-fenced funds so accrued on account of the reduced contribution by India Alliance.

2.1.1.4. It is the responsibility of the Grantholder and the Host Institution, to determine how the emoluments should be presented for tax purposes.

### **2.1.2. Expenses incurred by the partner Host Institution- support by India Alliance:**

To enable the partner Host Institution to meet some of the expenses in connection with the project, a sum of 10% of the total funds is being made available. These funds should be applied in such a way that they support the Grantholder's research, e.g. by contributing to costs for laboratory infrastructure, utilities, or administrative support relating to the research. It is expected that charges made against this heading must be based on the actual expenditure incurred on the research funds on the Fellowship and not on the allocations described on the payment profile and at no point will India Alliance release any additional funds. The interest earned, if any, by the Host Institution on the India Alliance funds will be adjusted annually before making future disbursements.

### **2.1.3. Overseas Allowances when working outside Host Institution**

2.1.3.1. Grantholders who request to undertake Work Outside Host Institution are provided a subsistence allowance (currently determined to be \$3,000.00 by the India Alliance) as per the prevailing conversion rate at the time of release of funds) and travel allowance of ₹.1,50,000.00. The costs under this head may be used flexibly to cover any reasonable associated costs with relocation and working overseas.

## **2.2. Transferable Funds**

2.2.1. Budgets detailed under 'Transferable funds' are indicative only and movement of funds between budget headings is allowed. Grantholders are provided the flexibility to use 'Transferable Funds' as required for the pursuit of their Fellowship research goals with two exceptions:

2.2.1.1. Funds may not be used to purchase, maintain or perform procedures on animals not included in the award letter. Permission from the India Alliance office must be obtained prior to implementation of any changes.

2.2.1.2. Grantholders may not support any additional staff without prior permission from the India Alliance.

### **Research Staff**

2.2.2. All research staff associated with the Award shall be paid as per the salaries indicated on the India Alliance website or Government of India guidelines as revised from time to time (whichever is higher). The contract of employment of research staff shall be colominous with that of the Fellowship.

### **Flexible Funding Allowance**

2.2.3. The Flexible Funding Allowance (FFA) is intended to increase financial flexibility available to Grantholders, and to simplify Fellowship administration. The FFA can be

used to meet unanticipated directly incurred costs that would assist in meeting the goals of the Fellowship research. This includes, but is not limited to, publication costs, travel and training fees for research staff, and other miscellaneous costs.  
Travel to Meetings

2.2.4. These funds are for attendance of scientific meetings, or for short working visits to other laboratories, for the Grantholder and any staff employed on the Fellowship. It is a matter for the Grantholder to decide as and when the funds should be used. Visits to the India Alliance office and for India Alliance events are expected to be funded from this budget.

Materials & Consumables, Equipment and Animals

2.2.5. Funds provided for materials, consumables, equipment and animals are also transferable. Animals purchased, maintained and/or used for the research purposes cannot exceed the number requested in the Fellowship.

### **3. Payment**

All payments on the award will be made electronically via bank transfer to the account provided by the Host Institution in the Payment Details Form.

The India Alliance will provide funds pro-rata on a yearly basis following the financial year (1 April – 31 March) cycle. Equipment cost will generally be released in equal payments in the first two installments, unless specified otherwise by the Grantholder. All other ring-fenced and transferable funds will be released in yearly instalments. A provisional payment profile of the disbursements will be released by India Alliance, at the time of release of payments.

2% of total transferable funds and overheads are withheld from the penultimate instalment. Release is subject to receipt of the various reports as required under Clause 1.4 of this letter. The first two installments will be released in whole, regardless of the amount spent by the Grantholder. From the third installment onwards, if any amount from the previous year is unspent, this will be carried forward and the balance will be adjusted against the next installment.

### **4. Anti-Corruption and Anti-Bribery**

The Grantholder and Host Institution will not offer or provide money, gifts, or any other things of value directly or indirectly to anyone in order to improperly influence any act or decision relating to India Alliance or its funded project or Host Institution, including by assisting any party to secure an improper advantage.

### **5. Application Reviews**

The India Alliance application process relies on the co-operation of the scientific community in providing referees' comments on proposals, and the Grantholder's success with this application is partly due to the goodwill of scientists in providing comments. As a holder of an India Alliance Fellowship, the Grantholder is therefore expected to undertake review of research proposals submitted to the India Alliance upon request.

### **6. Contact**

The India Alliance staff would be glad to meet with the Grantholders at any time, either at their laboratory or at the India Alliance office. These visits would be to ensure that a good working relationship is built between the India Alliance, Grantholder and the Host Institution.
